

2015 State of the Estuary Conference

Proposal for Water Quality/RMP Plenary Session Speakers and Session Tracks

From the ad hoc RMP subcommittee for conference planning:
Tom Mumley, Luisa Valiela, Jim Ervin, Jay Davis, and Phil Trowbridge

Day 2 of the Conference (September 18, 2015)

9:00 - 10:25 AM - Early morning plenary on Drought topics

10:55 - 12:00 PM: Late morning plenary on Water Quality/RMP topics

Moderator: Terry Young

Talk #1: The Future of Wastewater Treatment and Recycling

- David Sedlak, UC Berkeley and ReNUWIt

Talk #2: The Future of Green Infrastructure and Stormwater Management

- Andy Lipkis, Tree People

Talk #3: The Future of Chemical Regulation and Management

- Arlene Blum, Green Science Policy Institute

**Talk #4: Regional Board Vision for Future of Water Quality Management in the Bay Area

- Thomas Mumley, SFBRWQCB

**Note: We are trying to extend the plenary session to fit Talk #4. Alternatively, it could be part of the concurrent session on “Water Quality in the Estuary”

1:20 - 3:05 PM: Early afternoon Water Quality/RMP concurrent session

Session Theme: Water Quality in the Estuary

3:25 - 4:45 PM: Late afternoon Water Quality/RMP concurrent session

Session Theme: Water Quality Infrastructure Planning and Implementation
